Registered Homes: Downs Park Road

This is a terraced house in Clapton, Hackney. It's a lively area with a huge variety of different cultures, close to shops and transport and with a park, Hackney Downs, a few minutes walk away.

The house is on three floors and is suitable for people who do not have significant mobility difficulties. The house is for four people and each has a large bedroom. There is also a living room, kitchen/diner, utility room and 2 bathrooms. There is a large garden.

This project caters for people who need a high level of protection to stay safe, and support to

help them to take part in activities at home and in the community. The atmosphere of the house is peaceful and it has proved an ideal

place for people who find very busy places and lots of people difficult to deal with. Likewise, routine is an important part of people's lives here.

The service users are supported by a team of 5 support workers and a manager. There is one person on duty all of the time, staying over at night and sleeping in. There is a second staff member on duty at busier times (evenings and weekends).

The service aims to sustain a routine for each person, based on their own interests that help people to do what they can do for themselves and enables people to have interests outside the house. Everyone is accompanied when outside and enable people to participate in the routines of the house, so people each take part in the housework, doing the shopping, cooking meals etc.

Families are very involved in the project and the team encourages this, with several service users having taken holidays with their families quite regularly, and families providing support to people.
